

I A W N

International Anglican Women's Network

An Official Network of the Anglican Consultative Council

The global
voice of
Anglican women

Mandate	Report women's concerns to the Anglican Consultative Council (ACC)
Reporting process	Women and women's organisations report to the IAWN Provincial Link woman in her Province. The report is sent to the IAWN Steering Group which sends a summary report to the ACC. Reports are available on the web.
Purpose	To enable and empower all women of the Anglican Communion to work cooperatively at national, provincial and communion-wide levels to strengthen the ministries of women in God's world and to ensure women are influential and equal participants throughout the entire Anglican Communion.
Specific goal	Women participating equally with men in the Church.
ACC concurs	In 2005, ACC passed Resolution ACC 13-31 which states, in part, ACC "acknowledges the Millennium Development Goal for equal representation of women in decision making at all levels, and so requests ... all members churches to work towards the realisation of this goal in their own structures of governance."
Role	Advocate for women and women's concerns in the church; promote equal participation of women in decision making throughout the church; facilitate networking among women and women's organisations within the church and beyond, especially in responding to women's needs and issues.
Current task	The Joint Standing Committee of ACC, in 2007, asked IAWN to ensure that the study of the place and role of women in the structures of the Anglican Communion, called for in the resolution, be carried out. IAWN have begun to gather statistics of women in decision-making roles; information thus far obtained is available in the IAWN document, "Progress report on the implementation of resolution ACC 13-31."
How we work	The Steering Group communicates primarily by e-mail, conference calls and meetings when possible. Provincial Link women communicate by e-mail with the Steering Group, and locally with their constituency as appropriate. Information is posted on the websites: www.iawn.org

IAWN – way forward, 2009–2012

At its meeting in February 2009, the Steering Group and Provincial Links identified the following issues as key action plans for the next triennium:

1. Elimination of all forms of violence against women and children, especially trafficking.
2. Elimination of extreme poverty, by ensuring access to health care, safe water, and employment opportunities.
3. Promotion of gender equality throughout the Anglican Communion.
4. Combating HIV/AIDS, malaria and tuberculosis.
5. Promotion of gender budgeting, which is a key to all of the above.
